## PREAMBLE

The educational organization, administration, development and programs within our school system are to be guided by the following premises:

- A. All children are entitled to a public education that will encourage the fullest development of their individual talents.
- B. Learning is essential to individual independence and the general welfare of the changing American society.
- C. Effective learning develops both intellectual and emotional qualities and is for action; its proper evaluation lies in the quality of resultant activity, not mere response.
- D. Organized education, a deployment of human and material resources as means toward learning, implies learning for all – students, teachers, administrators – at different levels of understanding and maturity.
- E. Organized education is at its best when graced with experimental attitudes and dedicated to the proposition that all issues between organization and learning shall be resolved in favor of learning.
- F. All rewards and penalties adopted in the organization of education become legitimate only insofar as they assist learning.
- G. For purposes of learning and growth, internal motivations are more valuable than the external, such as, grades and competition.

The primary people in our school system are first, the students, and next, the teachers. Accordingly, they will be given primary consideration in any action taken by the Board of Education.

Our school system will provide training in the basic skills.

Our school system should provide a framework in which basic problem-solving and personal adjustment methods can be learned in an orderly, phased, and wholly accessible manner.

Our school system should educate toward both responsibility and responsiveness. It should provide greatly enriched conditions for individual growth in self-awareness, in a larger social awareness, and in controlled and meaningful response both to inner and to outer influences. It should strive to heighten the developing student's appreciation of the cultural and individual diversity within the human family, and improve his/her skill in working harmoniously and creatively with that diversity, since this is a rich resource for innovative and successful growth.

A major effort of the teaching-learning process should be the early development of positive self-assurance and the continuing development of individual potential to deal with a changing society, to think rationally and creatively, to be independent and productive, and to choose rewarding life

activities. Thinking, creativity, independence, productivity, and activity are also characterized by individual differences. Yet they must meet external requirements, and these change with the changing society.

In addition, the Board and the Union recognize the value of educational innovations in best serving the students of the District. New and dynamic techniques and procedures that will enhance the educational opportunities for our students ought to be implemented through collaborative efforts. With such beliefs, the Union and Board support the development of mutually agreed upon labor management committees to address issues which have the potential of enhancing educational opportunities for our students. In all cases, the labor management committees shall take into account state and federal law, Board of Education policy, the collective bargaining agreement and availability of funds.

To promote student achievement, the Board and the Union agree that planning and instruction shall align to State Content Standards. The Board and the Union will collaborate to ensure that access to and support for implementation of the State Content Standards is provided.

**ARTICLE 1 — RECOGNITION**

**A. Inclusions and Exclusions**

The Cleveland Heights Teachers Union, hereinafter referred to as the “Union,” is recognized by the Board as the exclusive bargaining representative to represent a unit which is defined as all classroom teachers, guidance counselors, school psychologists, school social workers, certificated/licensed librarians, non-certificated/licensed librarians, non-certificated elementary media ancillaries, non-certificated alternative learning center ancillaries, media technicians, stage directors, language/speech pathologists, school nurses, Drug and Alcohol Counselor, Program Specialist, Coordinator of Testing, Home/School Liaison, Career Education Coordinator, Research Assistant Coordinator of IMHOTEP, Guidance Technician, Occupational Therapist, Instructional Coach, 21st Century Funded Instructors, short-term, on-call substitute teachers in matters of wages only, and long-term substitute teachers as defined in Article 7, Paragraph H. 2., and subject to the limitations set forth therein, but excluding from all the foregoing, those in administrative positions. In the event that SERB rules any of these positions should be included in another bargaining unit that position will be removed from the bargaining unit immediately. The recognition is for the purpose of discussing with the Board or its representative matters as designated herein.

**B. Exclusive Bargaining Agent**

The Union having earned the right as sole and exclusive bargaining agent, the Board shall neither contribute to nor encourage the creation or growth of any rival organizations which have had or seek bargaining rights. The Board specifically agrees not to honor dues/check-off deduction authorizations by any employee in the bargaining unit in favor of any other labor or representational organization.

1. The Union agrees to continue to represent and accept into membership all members of the bargaining unit, without discrimination on the basis of race, color, religion, national origin, gender, ancestry, age, disability or sexual orientation.
2. The Board agrees to continue its policy of not unlawfully discriminating against any employee on the basis of race, color, religion, national origin, gender, sexual orientation, disability or age, with respect to hire, tenure, terms, conditions or privileges of employment or any matter directly or indirectly related to employment of members of the bargaining unit.

**C. Effective Dates of the Agreement**

This agreement shall become effective on July 1, 2019, except as otherwise provided for herein and shall remain in effect until June 30, 2020, and shall be binding upon the Board and the Union as well as upon their successors until June 30, 2020, except as modified through negotiations provided for in Article 2. This agreement is between the Board and the Union on behalf of the members of the bargaining unit described in Paragraph A, above. This unit is currently represented by the Union, and the agreement was reached through negotiations with the Union. In the event all or a part of said unit described in Paragraph

## **ARTICLE 1 — RECOGNITION**

A, above, is hereinafter represented by a different organization, negotiations shall be had only on the date provided for herein and shall be directed toward a new agreement or an amendment of the within agreement to become effective on June 30, 2020.

## **ARTICLE 2 — NEGOTIATIONS PROCEDURE**

### **ARTICLE 2 — NEGOTIATIONS PROCEDURE**

#### **A. Initiation of Negotiations**

1. Requests for commencement of negotiations shall be given no earlier than January 15 of the year the Contract expires. Requests from the Union shall be made directly to the Superintendent, or in his/her absence to his/her designee; requests from the Board will be made to the President of the Union. Unless mutually agreed otherwise, negotiations will begin no later than April 1 of the year of expiration of this Agreement. All meetings shall be mutually scheduled. The date, time, and place of the next meeting will be established before adjournment of each meeting.
2. The Board and the Union shall each designate a team of not more than six to represent it at negotiations. Substitutions may be made at any time.

#### **B. Tentative Agreements**

1. Each team shall designate a spokesperson who shall have the power to sign tentative agreements.
2. Signature on tentative understandings shall not be binding but is merely to indicate agreement among the negotiators on a particular item to be incorporated into the finally negotiated overall agreement if agreement is reached on all matters.
3. If agreement is reached among the negotiators, the Union negotiators agree to recommend ratification and the Board negotiators agree to recommend ratification.
4. Unless alternative procedure is otherwise agreed to pursuant to Paragraph D, below, the parties will exchange complete proposals on proposed matters for negotiation at an agreed-upon date. Except where mutually agreed upon, additional items shall not be submitted after the second meeting.
5. Copies of any and all public records deemed to be relevant to negotiations, or reasonably necessary for the proper enforcement of terms of these policies, shall be made available by the Board to the Union upon its request. Requests for such records shall be directed to the Superintendent or the Treasurer and they or administrative personnel designated by them shall be responsible for the furnishing of such records.
6. Prior to May 1, no press releases shall be given by any member of the negotiating teams or by either side except by mutual agreement.
7. Each team shall bargain in good faith, and no meeting shall end without the scheduling of the next meeting.
8. When agreement is reached between the negotiators, it shall be reduced to writing and shall be submitted by the Union for ratification and if ratified shall be submitted

## **ARTICLE 2 — NEGOTIATIONS PROCEDURE**

to the Board for adoption. In such event, the Board shall then make the agreement a part of its official minutes.

### **C. Impasse Procedure**

If agreement is not reached fifty-one (51) days prior to the expiration of the current contract the parties shall jointly notify the Federal Mediation and Conciliation Service (FMCS) that a mediator is required to assist the parties. Thereafter, mediation shall commence in accordance with a schedule established by the mediator.

The procedure above represents the sole and exclusive dispute resolution procedure between the parties, and no other dispute resolution procedure shall be utilized, including fact-finding, mediation, conciliation, or those established by O.R.C. 4117.14.

### **D. Alternative Procedure**

The parties shall meet at least six (6) months prior to the expiration of the Agreement to discuss whether an alternate negotiations procedure (e.g., Interest Based Bargaining, Condensed Bargaining, Modified Traditional, etc.) shall be used instead of the traditional procedure described above. If an alternative negotiations procedure is agreed upon by the parties, ground rules will be established at that time, which shall include an agreement addressing the possibility of a transition to traditional bargaining should that become necessary.

### **E. Distribution of the Agreement**

1. The Board will continue as in the past to print the Agreement for distribution to the members of the bargaining unit.
2. The format of the printed Agreement shall be determined in conference with the union negotiators.

### **F. No Strike**

The Union agrees not to sponsor, participate in, or call a strike during the terms of this Agreement, and agrees that if it does sponsor, participate in, or call a strike, it shall forfeit its right to dues check-off and that upon the happening of such event, the Board may discontinue its check-off privileges.

**ARTICLE 3 — UNION RIGHTS**

**A. Union Dues and Voluntary Political Deductions**

1. The Board will deduct from pay of each employee who so authorizes it to do so, in writing, the required amount of fees for the payment of Union dues and voluntary political deductions (COPE) dues on a bi-weekly basis. The authorization for dues shall comply with the provisions of the law and shall be revocable as described in Article 3.A.8. The Union will notify the Board, in writing, of any modifications to COPE deductions.
2. The Union recognizes its obligation to fairly and equitably represent all members of the bargaining unit, whether or not they are members of the Union.
3. No member of the bargaining unit is required to become a member of the Cleveland Heights Teachers Union.
4. The Board shall provide, on request, a list of all members of the bargaining unit, and the dues deductions; a list of new bargaining unit members; a list of bargaining unit members returning from leaves of absence; a list of bargaining unit members granted leaves of absence and a list of employees who terminate employment.
5. The Union agrees to hold the Board harmless and to defend the Board in any suit, claim or administrative proceeding, arising out of or connected with the imposition, determination or collection of dues, to indemnify and defend the Board for any liability imposed on it as a result of any such suit, claim or administrative proceeding. Such indemnification and defense shall not extend to claims against the Board for discrimination on the basis of race, color, religion, national origin, sex, ancestry, age or disability, or because of clerical or other errors by Board employees. For purposes of this Section, the term “Board” includes the Board of Education of the Cleveland Heights-University Heights City School District, its members, the Treasurer, Superintendent, and all members of the administrative staff. Should this indemnification agreement be found invalid or void by any court, the issue may be reopened for negotiations by request of either party.
6. Any member of the bargaining unit who wishes to revoke his/her dues deduction authorization, and therefore withdraw membership in the Union, shall do so in accordance with Union membership withdrawal procedures that comply with provisions of the law. The Union will within three (3) working days notify the school district Treasurer/CFO or his/her designee when the dues deduction authorization is revoked by any employee, so that the Treasurer/CFO can stop deducting dues. Union membership withdrawal procedures will be provided to the Board upon request.
7. Should Article 3.A of the Contract (or portion thereof) fail to comply with the provisions of the law, such Article or portion thereof, shall be automatically void, but all other provisions of Article 3.A shall remain in full force and effect. At the request of either party, the parties will meet no later than sixty (60) calendar days

after a determination of unlawfulness, in order to bring Article 3.A (or portion thereof) of the Contract into compliance with law.

**B. Union Activities - Representation at Professional Activities**

**1. Union Representatives**

The Union shall designate two people to participate in professional or organizational activities in regard to the enforcement of the agreement. The Union President shall notify the Assistant Superintendent – Human Resources and Operations, in writing, by the end of each school year as to the two individuals for the successive school year. Should the Union President fail to so notify, the designees shall be the President and 1st Vice President of the Local.

The Union President shall be assigned duties for the first two periods of the day and shall then be released to attend to Union business. In addition, the Union President shall be granted up to thirty (30) days of release time with pay per school year for the purpose of representing teachers and attending to Union and PTA business.

The building principal shall arrange the program of the First Vice President or designee other than President so that he/she will teach all classes consecutively from the first of the day. For the purpose of carrying out professional and organizational activities, this designee shall be released from the conference period to the extent that it is not required for other school matters, duty period, homeroom, and lunch period.

The First Vice President or designee other than President, if holding a 190-day contract, shall be released no later than the close of the fifth period or no later than 12:30 p.m. at the assigned building if no period schedule exists.

Should a First Vice President or designee other than President have a 200-day, 8:00 a.m. - 4:30 p.m. contract, said designee shall have a schedule arranged so as to allow release no later than 2:00 p.m. daily. The designee shall not have an assigned lunch period.

In the event a person assigned to an elementary school becomes a designee, a transfer to a middle or high school may occur and the appropriate assignment arranged. The designee shall not have a scheduled lunch period.

Every reasonable effort shall be made by the designees to attend post-class activities such as faculty meetings. However, the designees may absent themselves from such activities when their professional responsibilities as the designees of the bargaining unit so require and the business cannot be performed at another time. In such event, the designees shall inform the principal of the intended absence.

**2. Representation at Professional Activities**

Effective 1993, by each June 30, the Union will pay to the Board an amount equal to the daily rate of pay for a Step 14 MA teacher times fifty (50) days.

In the event a designee, pursuant to Article III B1, has a 200-day contract, the daily rate of pay for a step 14MA times 1.1 teachers shall be used to calculate the payment by the Union as described above. Should both designees hold 200-day contracts, the daily rate of pay for a Step 14 MA times 1.2 teachers shall apply.

**3. Grievance Investigation**

The Union shall designate not more than three individuals who shall have the right to enter all schools for the purpose of investigating grievances or potential grievances and conducting Union business, provided, however, that such activity shall not interrupt the education process shall only be carried on during the regular school day and the visit shall only be made after notifying the office of the Building Principal.

**4. New Teacher Orientation**

The Union will provide two teachers to participate in at least one day, to be designated by the Superintendent, of Board orientation for new staff members, and no teacher organization other than the Union shall participate in the orientation program. In addition, the Board will provide a reasonable period of time for Union orientation which may or may not be a lunch or breakfast session.

Participation in orientation is a requirement for new staff members. New staff members may not be excused from any segment or orientation without the permission of the Assistant Superintendent – Human Resources and Operations, and any so excused may be required to participate in a succeeding year.

The above information will be distributed to all new staff members by the Human Resources Department.

**5. Ohio Federation of Teachers Convention**

During each year, so long as the Agreement remains in effect, the Board shall provide substitutes at Board expense for those teachers designated by the Union as delegates to the annual Ohio Federation of Teachers Convention. Teachers designated as delegates shall be permitted to attend the convention at their own expense but without loss of pay.

### **ARTICLE 3 — UNION RIGHTS**

The maximum provided by the Board shall be either:

- 8.5 delegates for 4 days, or
- 11.33 delegates for 3 days, or
- 17.0 delegates for 2 days,

For any delegate sent beyond the above limits, the teachers designated shall be permitted to attend the convention at their own expense and without loss of pay, but the Union shall pay for substitutes.

The delegates shall not come from one school, but shall be from different schools so that no one school shall be left with a disproportionate number of substitutes.

#### **6. Other Meetings**

In addition to the leave provided above for attendance at the Ohio Federation of Teachers Convention, ten (10) additional days leave shall be granted for attendance at Union regional, State or national professional meetings or other union business. The Union shall provide for all expenses including the cost of substitutes.

#### **7. Newly Hired Employees/Employment Lists**

The Superintendent's Office shall provide board agendas to the Union, and will include the staff personnel annual reappointments—annual contracts and continuing contracts including salaries of the certificated/licensed personnel who are members of the bargaining unit.

This shall not be construed to limit the provisions of Article 2 — Negotiations Procedure.

#### **8. Union Officers and Stewards - Assignment**

Elected officers and building stewards of the Union shall not be transferred from their current building assignments for reason other than certification/licensure needs during the term of office for which they have been elected (officers – 2-year term; stewards – one-year term. For purposes of this section, the term of office for stewards is September to June).

#### **9. Bulletin Boards, Mailboxes**

Each school shall provide adequate space on the present bulletin board for Union materials for the purpose of communications with the bargaining unit. This shall not be interpreted to exclude others from the use of the bulletin board, but their use shall not deprive the Union of the exclusive use of the space reserved for the Union.

Material pertaining to tax-sheltered annuities and other investment plans will not be placed in the school mailboxes of employees represented in this contract without the permission of both the Superintendent and the Union President.

### **ARTICLE 3 — UNION RIGHTS**

The Board of Education will continue, as it has in the past, to provide an inter-school mailbox for the Union at the Board's central office building.

## **ARTICLE 4 — EMPLOYMENT PRACTICES**

### **ARTICLE 4 — EMPLOYMENT PRACTICES**

#### **A. Pre-Employment**

1. An employee hired or rehired into the bargaining unit shall initially be placed on day-to-day status pursuant to O.R.C. §3319.10 provided, however, that all such employees shall receive the full contract rights, including rate of pay with placement on the salary schedule and benefits for the time they are on such status. These employees will receive a conditional offer of employment which shall remain intact until all pre-employment procedures, including the criminal history records check have been completed or for ninety (90) working days, whichever comes first, and subject to Board approval. If the pre-employment procedures are not completed after ninety (90) working days, the employee will receive regular contract status.
2. If during the pre-employment procedures occurring during the first ninety (90) working days of employment, the Assistant Superintendent – Human Resources and Operations concludes the employee has misrepresented or falsified any documents or has failed to meet the requirements set forth in Board Policy, the employee shall be released from employment and the conditional offer of employment shall be rescinded. The employee will not be entitled to any termination proceedings under O.R.C. §3319.16 nor to any proceeding under the contract or grievance procedure, except as set forth herein. Prior to release from employment, the District will follow these procedures:
  - a. The District shall use the factors set forth in O.A.C. §3301-20-01 (or such similar provision in the final regulations as adopted by the State Board of Education) in considering whether to release the employee.
  - b. The employee will be entitled to a meeting or meetings for purposes of being informed of the facts and reasons for the decision to release the employee from employment and to provide the employee an opportunity to rebut or explain any alleged falsifications, misrepresentations or failures to fulfill the requirements of Board Policy.
  - c. Prior to any of the aforementioned meetings, the employee shall be given a copy of the FBI or BCI report, or such other documentation that indicates there was a falsification in the application process or a failure to fulfill the requirements of Board Policy.
  - d. The employee shall be informed of his/her right to union representation.
3. If pre-employment criminal history information is received after the first ninety (90) working days and reveals a failure to fulfill the requirements of O.R.C. §3319.39, the employee may be subject to being released from employment. Prior to release from employment, the District will follow the procedures set forth in Paragraph 2, subsection a through d above. Further, the employee will not be entitled to any termination proceedings under O.R.C. §3319.16, but may file a

## **ARTICLE 4 — EMPLOYMENT PRACTICES**

grievance under the contractual procedure if the District, after consideration of the factors in O.A.C. §3301-20-01, decides to release the employee from employment whether or not required to do so by the statute. If the grievance is taken to arbitration under this paragraph, the arbitrator may sustain a grievance only upon a finding that the District acted in an arbitrary or unreasonable manner in reaching its decision.

4. If after the employee has been placed on regular contract status, the Board receives information which reveals a failure to meet the requirements of Board Policy (other than for the reasons set forth in the preceding paragraph), or that the employee may have misrepresented or falsified any documents, that employee's employment may be subject to termination. If the District determines to initiate employment termination for such reason(s), it shall follow the procedures of O.R.C. §3319.16 and the employee shall be entitled to follow these procedures.
5. The Union will be provided a copy of all executed letters of conditional employment for employees who have begun work within the first week of that employee's service.

### **B. Resident Educators**

#### **1. Introduction**

The Resident Educator Program will be a Program administered and funded by the Board and coordinated by the District's Program Specialist Resident Educator Program Coordinator (REPC). This program shall be separate from and shall not replace the employee evaluation system.

##### **a. Resident Educator**

A Resident Educator is a teacher employed under a resident educator license.

##### **b. Mentor Teacher**

A Mentor Teacher is a teacher trained and assigned to provide professional support to a Resident Educator following the guidelines and protocols of the Resident Educator Program.

- i. Mentor Teachers shall be allotted up to 9 half days of release time. The Board will pay all training fees and expense required for Mentor Teachers to receive the mandatory ODE mentor training.
- ii. Mentor Teachers may be assigned one or more Resident Educators as determined by the needs of the Program.
- iii. Participation as a Mentor Teacher is voluntary.

## **ARTICLE 4 — EMPLOYMENT PRACTICES**

### **2. Mentors**

#### **a. Qualifications and selection**

- i. The Mentor Teacher must have five (5) years of teaching experience, of which three (3) years have been in the District as a classroom teacher and preferably at least two (2) years in the level or subject area assigned (i.e., elementary, middle school, special education, etc.).
- ii. The Mentor Teacher must be trained as a mentor through the current Ohio Department of Education Resident Educator program.
- iii. Mentor Teachers shall be selected collaboratively by the Administration and the Union.

### **3. General**

- a. Resident Educators shall also be required to participate in a teacher induction program that is collaboratively developed by the Administration and the Union or the Local Professional Development Committee (LPDC). The extent of the participation required shall be determined by the LPDC consistent with the Ohio Revised Code.
- b. Other than a notation to the effect that a teacher served as a Mentor Teacher, the teacher's activities as a Mentor Teacher shall not be part of that staff member's evaluation.
- c. Neither the REPC nor any Mentor Teacher shall participate in the District's evaluation of any Resident Educator.
- d. Neither the REPC nor any Mentor Teacher shall be requested or directed to make any recommendation regarding the continued employment of the Resident Educator.
- e. At any time, if either the Building Principal or REPC determines that the Resident Educator-Mentor situation is not appropriate, and the concern is not resolved satisfactorily, the issue will be submitted to the Superintendent/designee and the Union President who, subject to mutual agreement, shall have the authority to end the Mentor appointment. Any Mentor whose position is ended and/or any Mentor beginning an assignment after the start of the year will receive a supplemental contract in proportion to time served in that role.
- f. The REPC and all Mentor Teachers and Resident Educators shall keep confidential all discussions, actions, materials and other information to the extent permitted by law.

## **ARTICLE 4 — EMPLOYMENT PRACTICES**

- g. Mentor Teachers shall communicate directly with the Resident Educators and shall not discuss/report the performance and progress of the Resident Educator with any administrator, assessor, or other teacher, with the exception of the REPC.

### **C. Maintenance and Filing of Certification/Licensure**

Each teacher must comply with the teacher certification/licensure laws of Ohio and the regulations as determined by the state and local Board of Education. A valid Ohio certificate/license, as appropriate, must be filed in the Central Office to legalize payment of salary. Proper certification/licensure status is the responsibility of each certified/licensed employee. Evidence of such must be on file in the Human Resources Department. As a courtesy the Human Resources Department will continue to notify teachers regarding certification/licensure status. Copies of the notification letter will be sent to the Union.

Members of the bargaining unit shall be responsible for filing with the Human Resources Department all certificates and licenses issued to the member by the Ohio Department of Education.

No right or privilege concerning reduction of staff shall be asserted by a member of the bargaining unit under any newly issued certificate or license not on file as of March 20 of the school year that a reduction in staff takes place.

### **D. Transcripts and Additional Training/ Salary Schedule Placement**

1. Official evidence of additional training, including transcripts of credits and for graduates, actual diploma of graduate degree conferred, must be submitted to the Superintendent on or before September 15 to be considered in determining salaries for the first semester and January 15 in determining any salary change for the second semester of the school year. All filing of credentials and credits is a responsibility of the teacher. Credit toward salary credit will not be given for in-service or graduate credit submitted later than one year after completion of the course except by the discretion of the Superintendent. Exceptions may occur only when specific course work relates to a new assignment. Where an employee has met all of the requirements for a particular degree prior to September 15 or January 15 but official transcripts are not yet available or the actual degree will not be conferred until after September 15 or January 15, an official document which states that the employee has met all of the requirements for the degree and which is signed by the academic dean, the registrar, or the equivalent will be temporarily sufficient for the employee to receive credit for the degree.
2. In addition to credit allowed at the time of a teacher's original employment by this system for teaching service outside this system, and in addition to credit for teaching service in this system, experience credit shall be granted for service in the armed forces of the United States to the extent of one year's credit for each full year of such service as evidenced by an honorable discharge certificate/license. Credit

## **ARTICLE 4 — EMPLOYMENT PRACTICES**

for a fractional year of military service shall be given if the fractional year is equal to at least one-half year. A fractional year of service of less than one-half year shall not result in any credit being given on the salary schedule. However, the maximum experience credit to be allowed for service in the armed services of the United States shall be an amount which, if combined with credit allowed for teaching service outside this system, shall total not more than five years.

Up to and including the MA degree, credit for advancement on the salary schedule will be based upon official college graduate credit as certified by training institutions which are approved by the State Department of Education; or by credits earned in staff development courses, in-service training courses, professional workshops and professional institutes, meeting standards of achievement and attendance and approved in advance by the Superintendent. (Undergraduate courses leading to certification/licensure taken by those holding a temporary certificate/license are not applicable to salary credit.)

3. Regulations concerning salary recognition beyond the MA on salary schedule category fall into three classifications:
  - a. An individual may take courses in the area of his/her current assignments, fulfilling the requirements of an advanced degree program in his/her current assignment, or in an area approved as part of the teacher's IPDP by the LPDC if it falls within the District's K-12 curriculum, without prior approval from the Superintendent. An individual who is taking graduate level courses in pursuit of two (or more) advanced degrees simultaneously shall receive prior approval from the Superintendent for enrollment in all except one of the advanced degree programs in his/her teaching assignment. Such individual shall receive salary credit beyond the MA schedule for credit hours earned upon completion of the requirements for the two (or more) advanced degrees awarded, provided that the requirements of the first sentence of this section have been satisfied.
  - b. In the event that a teacher's assignment is changed, and he/she has already embarked upon a doctoral program in his/her former assignment, he/she will be given salary credit to the pursuance and completion of that program.
  - c. An individual may take college graduate courses as certified by training institutions which are approved by the State Department of Education, staff development courses, in-service training courses, professional workshops and professional institutes meeting standards of achievement and attendance. Courses in these five classifications may be allowable, that upon evaluation and prior approval by the Superintendent, are within the individual's related teaching assignment or contribute to the improvement of the professional efficiency of the total job of public school teaching.

## **ARTICLE 4 — EMPLOYMENT PRACTICES**

The Superintendent may also give prior approval to selected undergraduate courses that are prerequisite to a teacher's strengthening his/her area of assignment, such approval to be given on an individual basis.

- d. Salary credit for graduate hours earned in workshops completed during approved (short-term) professional leaves shall be awarded in those instances where the employee pays the cost of tuition for the graduate credit.

### **E. Personnel Files**

1. The Human Resources Department shall maintain the official teacher files at the central administration building. No other teacher file shall be considered to exist for purposes of documentation in all official matters, transfers, assignments, evaluations, grievances, or any other matters concerning the teacher. All or part of such file may be maintained electronically, provided the bargaining unit member is provided access and copies upon request.
2. Materials retained in files other than the official file shall not be considered as official.
3. No material of a derogatory nature about a teacher's service, conduct, character or personality including, but not limited to, situations that may potentially impact a teacher's employment status shall be placed in the file, unless the teacher has had an opportunity to read such material, and the intent to place the material in the file has been expressly noted by the words, "copy Board Personnel File" or "c. Board Personnel File," or "cc. Personnel File," on the material.
4. The teacher shall acknowledge having read material by putting his name and the date when read on it. The signature indicates only that the teacher has read the material, not that he/she is in agreement with its content. If the teacher refuses to so acknowledge the reading, this fact shall be noted on the record along with the date of reading.
  - a. For matters of discipline, acknowledgement will require a face-to-face meeting.
  - b. In all other matters, either party may request a face-to-face meeting to acknowledge such material. Otherwise an electronic signature (i.e. email reply, read receipt etc.) may be used as an acceptable means of acknowledgement.
5. The teacher has the right to respond to any material filed and to have this response attached to the file copy. Such attachments shall be submitted to the Board within sixty (60) calendar days of receiving the material.
6. By appointment, and between the hours of 8:15 a.m. and 4:00 p.m., the teacher shall be permitted to examine his/her file and to reproduce any material in it. A teacher may also request, in writing, that his/her file be provided to him/her in electronic

## **ARTICLE 4 — EMPLOYMENT PRACTICES**

format, which, absent extenuating circumstances, will be provided within five (5) work days.

7. Members of the bargaining unit may request removal from their personnel files of materials of a derogatory nature. The requests shall be made to the Assistant Superintendent – Human Resources and Operations. Upon making such request, the teacher shall be given an opportunity to justify his/her position and shall have the right to union representation. Materials shall not be removed unless:
  - a. Three years have elapsed since the material was inserted and the issue has not occurred again; or
  - b. The member is retiring or resigning.

The above shall not apply to composite evaluations and/or where prohibited by law.

### **F. Employment Contracts**

1. The Board of Education shall issue limited and continuing contracts as prescribed and in compliance with the Ohio Revised Code.
2. Contracts will be issued to limited contract certificated/licensed members only. It is the responsibility of the member to secure a certificate/license from the State Department of Education and register the certificate/license in the Human Resources Department.
3. **Continuing Contract**

Upon the recommendation of the Superintendent that a member eligible for continuing contract status be re-employed, and approval by the Board of Education, as prescribed and in compliance with the Ohio Revised Code, of the Superintendent's recommendation, a continuing contract shall be entered into between the Board and the member. Teachers eligible for continuing service status are those teachers qualified as described below, who within the last five years have taught for at least three years in the District, and those teachers who, having attained continuing contract status elsewhere, have served two years in the District.

In order to be eligible for the granting of a continuing contract, the bargaining unit member must have on file with the Board by March 20 of the year of tenure eligibility either:

- a. A Professional, Permanent or Life teacher's certificate issued upon application submitted to the State Board of Education prior to September 1, 1998 or renewed or upgraded subsequent to September 1, 1998 in accordance with Ohio Revised Code 3319.22; or
- b. A Professional Educator's License issued after October 29, 1996 and proof of at least one of the following:

#### **ARTICLE 4 — EMPLOYMENT PRACTICES**

- i. If a master's degree was not held at the time of initially receiving a teaching certificate or an educator's license, thirty (30) semester hours of course work in the area of licensure or in an area related to the teaching field since the initial issuance of such certificate or license; or
  - ii. If a master's degree was held at the time of initially receiving a teaching certificate or an educator's license, six (6) semester hours of graduate course work in the area of licensure or in an area related to the teaching field since the initial issuance of the teaching certificate or license; or
  - iii. A teacher holding a senior professional educator license or a lead professional educator license issued under the licensure provisions of the ORC.
- c. For bargaining unit members initially licensed after January 1, 2011, continuing contract eligibility is met if the teacher:
  - i. Holds a professional, senior professional or lead professional license;
  - ii. Has held an educator's license for at least seven (7) years; and
  - iii. Has completed either of the following:
    - a. If the bargaining unit member did not hold a master's degree at the time of initially receiving an educator license, thirty (30) semester hours of coursework in the areas of licensure or in an area related to the teaching field since the initial issuance of that license, as specified in rules which the state board shall adopt;
    - b. If the bargaining unit member held a master's degree at the time of initially receiving an educator license, six (6) semester hours or graduate coursework in the area of licensure or in an area related to the teaching field since the initial issuance of that license, as specified in rules which the state board shall adopt.
- d. Bargaining unit members must have an appropriate certificate or license on file by March 20th of the year to be eligible for continuing contract status. Bargaining unit members who do not have the appropriate licensure/certification on file at the beginning of the year, but who intend to file such prior to March 20th, are encouraged to notify his/her supervisor and the Department of Human Resources at the beginning of the school year.

## **ARTICLE 4 — EMPLOYMENT PRACTICES**

- e. Members, eligible for continuing contract status, who have not attained continuing contract status elsewhere, may be temporarily re-employed for up to two years, under an extended limited contract(s), if recommended by the Superintendent and approved by the Board. If a bargaining unit member is given such extended limited contract, the employee will be provided recommendations on the applicable evaluation form for performance improvement. Upon subsequent reemployment of the bargaining unit member only a continuing contract may be entered into. To the extent that this procedure for granting an extended limited contract differs with that found in Ohio Revised Code Section 3319.11, the parties intend that this provision replaces and supersedes same.
  - f. Members certificated provisionally, professionally or higher, in more than one area and more than one discipline shall be eligible for continuing contract status based on the professional, permanent certificate, or 5-Year License regardless of the area or discipline in which the member is assigned.
4. The Human Resources Department shall publish all bargaining unit vacancies so that bargaining unit members can request consideration. All vacancies will be posted on the Human Resources website with a notification to all members of the bargaining unit, including the Union President.

In addition, each certificated/licensed bargaining unit member shall receive a preference request form between February 10 and February 25. The preference form shall be returned by March 15 to Human Resources, electronically. Each teacher shall receive his/her tentative class assignment in writing no later than the last day of each school year.

### **G. Job Sharing**

Job sharing shall refer to a voluntary option available for teachers, subject to the prior approval of the Superintendent or his/her designee, to share one full-time position.

- 1. Tenured teachers with at least three years of experience in the District are eligible to job share.
- 2. Teachers shall assume responsibility for finding job sharing partners. No teacher shall be required to job share.
- 3. A written proposal for partnerships must be submitted by March 1st.
- 4. The total number of job sharing teachers shall not exceed six (6) district-wide, i.e., three pairs per year, unless approved by the Superintendent or his/her designee.
- 5. Each teacher shall acquire one year seniority for each year of job sharing worked.
- 6. A job sharing partnership shall last one (1) school year.

#### **ARTICLE 4 — EMPLOYMENT PRACTICES**

7. The salary of the job sharing teacher shall be the percentage of that teacher's salary as set forth in this Agreement which represents a percentage of the job the teacher performs. Benefits also shall be available on a pro rata basis. For example, if two (2) teachers equally share a position, each teacher will be paid 50% of the salary she/he would otherwise earn and be entitled to 50% of the total fringe benefits paid by the Board under this Agreement. Any difference between the 100% paid coverage and the pro rata entitlement shall be paid by the teacher. It is further understood that, due to the need for coordination of educational programming, the actual work needed to facilitate a successful job share may exceed the percentage assigned by the Superintendent for the pay and benefits and the division of the work shall be agreed upon in writing at the time the job share is approved.
8. In order to maximize the continuity of the educational program of students, each participating teacher shall, with advance notice, substitute for his/her partner and shall be paid the appropriate prorated amount at the daily substitution rate. If the partner cannot substitute, a qualified substitute shall be employed.
9. A written grading philosophy and discipline standard in compliance with existing policies will be agreed upon by the participants and the building principal. Said philosophy and standard will be kept on file in the Principal's office, and distributed and discussed with parents/guardians within the first three (3) weeks after the start of school. The same holds true for new subjects, if applicable.
10. Equity of work load/time on duty will be attempted at all times by all participants concerned. A schedule will be determined and agreed upon before the building schedule is finalized.
11. Both job sharing teachers must attend Curriculum Night and parent conferences scheduled in accordance with the Negotiated Agreement.
12. Between them, job sharing teachers shall be responsible for performing a full-time equivalency of instructional assignments, and attendance at required meetings. Additionally, job share teachers are required to attend mandatory professional development sessions related to their instructional content areas and in-service related to key District initiatives.
13. To be considered for job sharing, the interested teachers must submit a written proposal detailing how the proposed arrangement will work. This detailed proposal shall outline how their educational philosophies are compatible, how they will share a full-time equivalent load of performance responsibilities, and how they will ensure cohesiveness in instruction for students.
14. No later than May 1, job sharing proposals shall be returned to the job sharing applicants indicating that their applications have been approved or denied by the Superintendent.
15. A job sharing partnership may continue for no more than three (3) years. At the end of the three (3) year period, the partnership may continue only if the total

## **ARTICLE 4 — EMPLOYMENT PRACTICES**

number of allowable partnerships is not previously filled. In that event, the partnership may continue on a year-to-year basis, subject to the approval of the Superintendent or her/his designee. Upon dissolution of the job sharing partnership, the individual job sharing teacher shall be eligible to receive a full-time position subject to his/her certification/licensure.

16. Job Share teachers will be evaluated pursuant to the Negotiated Agreement.

### **H. Master Teacher**

The CH-UH Master Teacher Program was developed and implemented in collaborative partnership between the Board and the Union and shall comply with all pertinent statutory provisions, licensure regulations, and requirements as set forth by the Ohio Educator Standards Board.

1. The Master Teacher Committee is comprised of three teachers appointed by the Union and two administrators appointed by the Board. In addition, the Master Teacher Committee may appoint a Master Teacher Committee Liaison to assist the committee in fulfilling the responsibilities enumerated in #3, below. The appointment of a liaison and the continuation of the liaison's duties for subsequent school years shall be subject to approval by the Superintendent.
2. The Master Teacher Committee shall have the following responsibilities:
  - a. Communicating information and updates on the Master teacher Program to the teaching and administrative staffs.
  - b. Facilitating the Master teacher application process.
  - c. Confirming the eligibility of candidates for Master Teacher status.
  - d. Reviewing Master Teacher applications.
  - e. Granting approval of Master Teacher status to applicants.
3. The Master Teacher Committee shall select a chairperson to call and conduct committee meetings.
4. The Master Teacher Committee shall set a calendar of meetings. Committee members shall be granted released time as needed for the purpose of scoring Master Teacher applications.
5. Minutes of meetings of the Master Teacher Committee shall be recorded, and all meetings shall be conducted in compliance with the Ohio Open Meetings Laws.
6. Should any costs apply to Master Teacher applications required by the Ohio Department of Education, those teachers who are awarded Master Teacher status shall be reimbursed by the Board for such costs.

## **ARTICLE 4 — EMPLOYMENT PRACTICES**

7. Participation in the district's Master Teacher Program shall also be accepted by the Board as the participating teacher's professional growth plan under the Tier II Alternative Evaluation. Therefore, a teacher who completes the Master Teacher Program shall be deemed to have completed a Tier II Evaluation Program.

### **I. Local Professional Development Committee**

1. The Local Professional Development Committee (LPDC) shall be established to oversee and review professional development plans pursuant to ORC 3319.22.
2. The Board and the Union shall establish governance, structure procedures, and meeting schedules of the LPDC. The LPDC shall be comprised of teachers and administrators. There shall be one more teacher on the LPDC than administrators. The teacher members shall be selected by the Union. The administrative members shall be selected by the Superintendent.
3. Participation in the district Residency Programs is a requirement for all teachers through their first four years of teaching.

## **ARTICLE 5 — REDUCTION IN FORCE**

### **ARTICLE 5 — REDUCTION IN FORCE**

#### **A. Legal Basis**

Reduction in force shall be in accordance with Ohio Revised Code Section 3319.17, including financial reasons, declining enrollments and changing course offerings and selections.

The Superintendent shall meet with the CHTU President at least thirty (30) calendar days before Board action to authorize a reduction in force. At this time the Superintendent shall provide a list of the potential positions to be eliminated and the names of the individuals who may be affected by the reduction.

#### **B. Attrition**

The number of persons affected by a reduction in force will be kept to a minimum by not employing replacements insofar as practicable for employees who retire or resign or whose limited contracts are not renewed on the basis of performance. To achieve educational aims, however, it may be necessary to hire some replacements for some positions if other employees in the system do not possess the certification/licensure, qualifications and experience for the position and the position is one that needs to be filled. Attrition, moreover, may not be sufficient to accomplish a reduction in force in full.

#### **C. Definition of Seniority**

Seniority shall be here defined as length of service in this school system, being total length counted in years and fractional parts of years. In determining length of service, absences based upon the granting of a leave of absence shall not be included.

All teachers shall return to their last previous assignment unless there shall have been a transfer planned and/or effected.

#### **D. Notice of Suspension of Contracts**

Contract suspensions will only take effect at the end of a school year, except in the case where a RIF is necessitated by a return from leave of absence by a regular teacher. Notice of contract suspensions will be provided to affected bargaining unit members no later than June 1st.

#### **E. Retention**

Within each affected teaching fields (certification/licensure), retention of bargaining unit members and recall of eligible teachers whose contracts have been suspended pursuant to a reduction in force will be based upon seniority only in circumstances when choosing between teachers with comparable evaluations, as described below. Comparable evaluations of OTES teachers will be based on averages of a 4-point scale of final summative teacher effectiveness ratings, as determined by the Board-adopted, standards-based teacher

## **ARTICLE 5 — REDUCTION IN FORCE**

evaluation policy, averaging the last two CHUH ratings with an Ineffective rating counting as 1, through Accomplished counting as 4.

- (1) Average of 1
- (2) Average greater than 1, and 2 or below
- (3) Above a 2 average

In the event the teacher only has one prior CHUH rating, such single rating will be utilized in the categories above. In the event the teacher does not have any prior CHUH final summative rating (e.g., a first-year teacher), the most recent formal observation rating will be considered to assign a rating to the individual.

When reductions are necessary, the Superintendent will make recommendations as follows:

Teachers who have been retired/rehired.

If further reductions are necessary, limited contract teachers shall be reduced in the affected teaching fields (certification/licensure) utilizing the following order:

1. Comparable evaluations as defined above, starting with the lowest comparable evaluation group (i.e., group 1 being the lowest group).
2. When evaluations are comparable, seniority in the District shall prevail, with the contract of the least senior limited contract teacher in the affected teaching field the first to be suspended.
3. Should the necessary reduction of staff required exceed the number of limited contract teachers in the affected field, continuing contract teachers be reduced in the affected teaching fields (certification/licensure) utilizing the following order:
  - a. Comparable evaluations as defined in accordance with Board policy.
  - b. When evaluations are comparable, seniority in the District shall prevail, with the contract of the least senior continuing contract teacher in the affected teaching field the first to be suspended.

### **F. Displacement**

In those instances where seniority is involved (i.e., when selecting from teachers with comparable evaluations), a teacher affected by a reduction in force will displace another teacher who holds the lowest position on the seniority list in another area of certification/licensure provided he/she holds a valid certification/licensure in the area, unless there is a teacher or teachers in a lower effectiveness rating category, in which case the displaced teacher must bump the least senior teacher in the lowest effectiveness rating

## **ARTICLE 5 — REDUCTION IN FORCE**

category available. However, in this circumstance, such displacement may not occur if the result is to retain a limited contract teacher over a continuing contract teacher.

### **G. Non-OTES Teachers**

For bargaining unit members not subject to the Board's standards-based evaluation policy (non-OTES teachers), decisions regarding reduction in force shall be based upon seniority; however, should the employment status of a non-OTES member and an OTES member intersect under this Article, the administration may decline displacement rights should the otherwise displacing member not have experience in the classroom or non-classroom position being sought. Such decisions will not be arbitrary or capricious.

### **H. Factors Affecting Retention**

In those instances where seniority is involved (i.e., comparable evaluations) employees with longer continuous service will be retained in preference to those with less continuous service certified to teach in the same field. In those circumstances, the order of preference for retention among or between employees with the same length of continuous service, certified to teach in the same field, and equally qualified for retention, shall be based in the following sequence in the event of a tie, on (1) the dates of the letters sent (i.e., date on the letter or time stamp of email sent, whichever is earlier) by the Assistant Superintendent – Human Resources and Operations offering employment positions to the affected employees, (2) date of signature on intent letter, (3) date of application for position hired into, (4) degree level at date of hire including additional hours, and (5) the teacher whose birthday is closest to January 1. The employees with the earlier dates of employment offers as indicated on the aforementioned letters shall be retained.

### **I. Factors other than Seniority in Retention**

Where seniority applies (i.e., comparable evaluations), exceptions to preference for retention based on length of continuous service may be made to insure the retention of particular skills that are needed, to comply with state and federal laws relating to employment matters, and to insure continued performance of supplemental duty assignments performed in the past by employees with less continuous service. Other unusual or unanticipated situations also may warrant taking factors other than length of continuous service into account in determining preference for retention when seniority applies.

### **J. Measuring Length of Service**

For the purpose of determining preference for retention, where applicable (i.e., comparable evaluations) length of continuous service in employment with the District will be measured on the basis of the length of actual uninterrupted service without regard to the particular number of hours or days worked by employees during the period of service. Length of continuous service will not be interrupted or affected by authorized leaves of absence with pay or authorized leaves of absence without pay for illness or disability, including pregnancy. Leaves of absence without pay other than for illness or disability, including pregnancy, will result in a proportionate decrease in length of continuous service. The

## **ARTICLE 5 — REDUCTION IN FORCE**

continuous service of an employee who has returned to employment following resignation or other termination of employment will be measured from the date of return.

### **K. Recall**

1. Retention and recall shall be based upon effectiveness ratings as set forth in the Board's standards-based evaluation policy included herein. Seniority shall not be a factor in recalling any bargaining unit member unless the decision is between teachers with comparable evaluations. When selecting among teachers with comparable evaluations, any teacher unemployed as a result of a staff reduction will be recalled in reverse order of being released, provided the teacher is properly licensed. In these circumstances, continuing contract teachers would be recalled before limited contract teachers.
2. No new teachers shall be employed by the Board while there are teachers on the Reduction-in-Staff list who are certificated for any vacancy in a teaching position.
3. In the event that vacancies become available, the Board shall recall teachers to active employment status by giving written notice to them. Said written notice shall be sent to the teachers' last known address and a copy to the Union. It shall be the responsibility of each teacher to notify the Board of any change in address.
4. If a teacher fails to accept active employment status within five (5) business days from the date said notification was delivered, said teacher shall be considered to have declined said offer and shall be removed from the recall list. Teachers on layoff are to notify the Superintendent in writing of any change in their addresses; any additions, deletions, and/or changes in areas of certification/licensure; and any desire to have their names removed from the recall list.
5. A teacher on the recall list shall, upon acceptance of the notification to resume active employment status, return to active employment status with the same seniority, sick leave, and salary schedule placement as said teacher would have earned before suspension or non-renewal.
6. Limited contract teachers shall remain on the Reduction-in-Staff list for a period of two (2) years from the last day of active employment by the District.

### **L. Compliance with Law**

To the extent that they do not conflict with the requirements of Ohio Revised Code Section 3319.17, the provisions of this Article supersede any contrary provisions of law.

## **ARTICLE 6 — TEACHING DUTIES AND WORKING CONDITIONS**

### **ARTICLE 6 — TEACHING DUTIES AND WORKING CONDITIONS**

#### **A. Hours of Employment**

##### **1. Teacher Work Year**

The teachers' school year shall consist of 192 days of service, 38 weeks, in accordance with the official school calendar. ##### **2. Teacher Work Day**

- a. The normal work day for 192-day employees under this Agreement shall be a 7.5 hour day.
- b. The start time for the following school year shall be published by July 1 with no changes accepted until the next school year.

The Union will be informed prior to the posting of such a position.
- h. Teachers who do not instruct students at the beginning of the day may be assigned a duty during the beginning or end of the day in lieu of a duty in the middle of the day.

## **ARTICLE 6 — TEACHING DUTIES AND WORKING CONDITIONS**

- i. The librarians' hours at each school shall be arranged with the principal of the school so that by staggered hours or by otherwise, the libraries will be open for the necessary period of time which, at the secondary schools shall be from 8:00 a.m. to 4:30 p.m.

- 4. Compensatory time shall be defined as time off work allocated to an employee to offset in equal amounts time worked beyond the normal work day and/or time worked during days which are not work days within the adopted school calendar. Time worked toward compensatory time shall require pre-approval. A bargaining unit member eligible for compensatory time shall maintain a log of time worked beyond the normal work day and shall notify his/her immediate supervisor at least twenty-four hours in advance of her/his intention to use a compensatory day or days during the school year. Such use of compensatory days shall not require reporting to the Automated Substitute Management System. Members of the bargaining unit who have 200, or 220 contracts shall work the equivalent of two additional days (15 hours) during the academic year by recording and submitting 15 hours of unpaid compensatory time pursuant this section.
- 5. Teacher assignments in the high school generally shall not have more than three preparations daily. A teaching preparation shall be defined as a course having a distinct description as listed in the High School Course Selection Guide and where academic credit is given. An assignment to a Special Education Classroom (a.k.a. Resource Period) shall be considered as one preparation.
- 6. Teacher assignments in the middle schools generally shall not have more than three preparations daily. Assignments where no academic credit is given shall not be considered a preparation.
- 7. A teacher whose teaching assignment requires travel between buildings shall be paid mileage at the IRS rate that is in effect on the date of travel (the IRS rate changes annually in January).
- 8. Nurses re-assigned to service school buildings other than their regular assigned school buildings, shall not extend the normal 8:00 a.m. to 4:30 p.m. work day of school nurses, nor shall such re-assignments interfere with the regular lunch hour of school nurses.
- 9. The designation of a normal workday should not be construed as the expected maximum. The maximum length of the work day for all employees is determined by the professional requirements of the job.

## **ARTICLE 6 — TEACHING DUTIES AND WORKING CONDITIONS**

10. This Agreement covers the total compensation to the staff member for the discharge of his or her total responsibility to the community-school, including regular and special assignments by the principal in the equalization of load. Examples are: in-service meeting, curriculum committees, athletic time, etc.
11. Teachers new to the school system shall serve three additional days prior to the beginning of their contract for the purpose of orientation and workshop activities. Teachers on a two hundred (200) day contract new to the school system will start three days prior to the commencement of orientation and workshop activities.
12. If a Secondary Career Technical Teacher has less than five periods assigned with two units of students, the District will provide an additional assignment to ensure full-time status.
13. Members of the bargaining unit who are required to get additional training for the high school CISCO program will be granted professional leave to receive the training necessary to fulfill the requirements. If the teacher is required to attend the training outside of the normally scheduled work year, such teacher shall be compensated the professional development rate for the time of attendance at the training. If similar programs are placed into the curriculum, the administration will meet to discuss a similar type of arrangement at the request of the Union.
14. **Home Instruction Teachers**

3. Should the Internal Revenue Service determine that the deferred salary would be treated as current taxable income for federal income tax purposes, this section will be void and inoperable.
5. Employees may have a payroll deduction to purchase service credit from STRS/SERS on a pre-tax basis upon approval of such plan by the IRS. The payroll deduction will not commence without a signed authorization by the employee.
6. The Board will assume and pay to the State Teachers retirement System (STRS) or the School Employees Retirement System (SERS) on behalf of members of the teachers bargaining unit 1.0% of the contribution otherwise payable by bargaining unit members without reduction in gross salary.

### **D. Automatic Payroll Deposit**

The following agreement is intended to provide for service credit for services rendered by Cleveland Heights-University Heights City School Employees to Cleveland Heights Teachers Union, Local 795 of AFT.

1. No later than August 15th of any given year the Union shall forward to the District Treasurer the following information regarding all officers and employees of the Union who are eligible for STRS TPO contributions for the next school year:
  - a. Names and Social Security numbers.

## **ARTICLE 7 — TEACHER COMPENSATION**

- b. Contractual salary for the current school year paid by the Board.
  - c. The amount of the salary each officer and employee of the Union who is eligible for STRS TPO contributions is scheduled to be paid by the Union for the subsequent school year for service to the teacher professional organization.
- 2. Prior to July 1, the Treasurer will notify the Union of the maximum amount of salary paid by the Union to each officer and employee that is eligible for STRS payment on compensation for service to the teacher professional organization by making the following determination:
  - a. For this purpose, “days of service” shall only include those days in the District’s teachers’ contract year, not including holidays and compensatory days for parent conferences. For example, in the 2002-03 District’s Teachers’ contract year, there are 181 “days of service” (190 days minus 7 holidays and 2 compensatory days).
  - b. The teacher’s base contract daily rate shall be computed by using the salary schedule amount the teacher will be eligible to receive from the District for the next school year without extended service, ratio or supplemental contracts, divided by the days of service.
  - c. The teacher’s base contract daily rate as computed under 2.a. above shall be multiplied by the remainder of days after subtracting the days of service used in 2.a. from 250. The resulting product shall be the maximum salary which can be reported in any given year (July through June) for salary paid by the Union to be included for compensation on which STRS credit will be given under regulation.
  - d. The Treasurer will also notify the Union of the employer and employee share percentage for STRS for the subsequent school year.
- 3. Starting with July of each year, the Union will forward to the Treasurer, no later than the last day of each month, a certification/licensure of the payment, pursuant to the formula set forth in paragraph 2 above, to each Union officer and employee who is eligible for STRS TPO payment together with the employer and employee share of STRS contributions on such salary amounts for all TPO-eligible persons. The Treasurer will forward such STRS payments together with the monthly payroll amounts based upon District payroll to STRS. The Treasurer will not forward any amounts in excess of the maximum allowable as calculated under paragraph Article 7(E)(2), but shall return those amounts to the Union and advise them that no further payment for any affected individual should be made during that fiscal year.
- 4. The parties agree that it is not the intent of the parties to this Agreement to have the District incur any additional costs under this Letter of Understanding or as a consequence of the additional retirement contributions made to STRS that are attributable to the TPO contributions for any Union officer. Should the District

## **ARTICLE 7 — TEACHER COMPENSATION**

incur any additional costs beyond the amounts paid by the Union under paragraphs Article 7(E)(3) & (4) the District shall notify the Union of such additional costs and the Union will reimburse the District for such costs.

5. Further, the Board is willing to modify the agreement if STRS approves a plan that would permit the Union President to have a greater amount of his Union salary included for STRS purposes or there is a change in the regulations that would permit a greater amount of the salary for STRS purposes. Any change would only be made if it did not result in any increased cost for the District.

A teacher who is granted such leave shall not have the right to return to employment except at the beginning of a school year. To obtain payment for personal leave, the employee shall enter the request via the internet or calling the Automated Substitute Management System using the individual PIN assigned when first registering with the system. **6. Professional Study Leave**

The purpose of professional study leave is to improve the professional qualifications of the teacher so as to produce a direct benefit to the school district. In the application for professional study leave the staff member shall delineate the specifications for self-improvement which shall include: 1) Rationale. 2) General goals for staff member and the benefits to children. 3) Specific measurable objectives for the staff member. 4) Details of how the objectives will be accomplished by the staff member. 5) Procedure for evaluation of the staff member's attainment of goals and objectives. 6) Specific plan for financing leave if compensation is requested.

Such leave will be granted only after a minimum of ten years of service in the school system.

### **H. Return from Unpaid Leaves**

Employees on return from unpaid leaves are assured of employment, but not necessarily in their former assignment. Generally, employees who are on a leave of absence must notify the Assistant Superintendent – Human Resources and Operations, in writing, no later than April 1, of their intention to return to work the following school year or of their intention to extend their leave of absence, if eligible. Employees on a child care leave of absence must notify the Assistant Superintendent – Human Resources and Operations by April 1 of their intention to return to work the following year or of the intention to extend the leave, if eligible. Failure to make such notification by April 1 will result in an automatic extension of the leave, if the employee is eligible. If the employee has not made written notification to the Assistant Superintendent – Human Resources and Operations by April 1, the Assistant Superintendent – Human Resources and Operations will notify the employee by regular and certified mail that if no written notice of intent to return to work in September is received by April 15, the failure to submit such intent shall be treated as a resignation and will be acted upon by the Board at its next meeting after April 15.

### **K. Assault Leave**

Pursuant to O.R.C. §3319.143, an employee who is unable to work because of a physical disability, or for a psychological condition allowed in the corresponding workers' compensation claim, received in, or arising out of employment, whether during or outside of school hours and whether on or off school property, resulting from an assault, shall receive full scheduled compensation for the period of total disability, up to a maximum of two (2) years, less any amount received by the employee under the income continuity policy which is fully paid by the Board and less any compensation received by the employee under the Workers Compensation Act of Ohio.

No payment shall be made or required for any period during which the employee elects to take sick leave.

(See appendix for form.) Employees shall also be required to complete an Incident Report form within ten (10) days of the incident, or as soon thereafter as is possible, disclosing the nature, participants, witnesses, and location of the assault. An employee who has not been granted SERS/STRS disability benefits will be expected to return to work or, if the employee presents appropriate medical documentation, may continue on an unpaid medical leave pursuant to the provisions of Section 35.017 of this Negotiated Agreement. In all other respects not covered by this section, the provisions of O.R.C. §3319.143 shall apply. The Board shall have the right to schedule periodic medical examinations at its expense, not to exceed one every 90 calendar days ~~per~~ of an assault leave, to confirm the continuing disability. If the medical examination differs from the bargaining unit member's licensed medical physician's medical opinion, the Board may require the employee to obtain a third medical examination from a medical-board-certified physician selected by both the bargaining unit member and Board at the Board's expense. (In the event the parties cannot reach agreement on the physician selection, a referral will be sought by the bargaining unit member and Board through the Cleveland Clinic Foundation and/or University Hospital System for an in-network medical-board-certified physician who has not previously treated the bargaining unit member.) The opinion of the third health care provider is final. An employee who retires pursuant to this section shall have the right to be returned to assignment up to five years after retirement. Upon request, the retiree will be returned to assignment at the beginning of the subsequent school year provided that an appropriate physician's statement is submitted to the Assistant Superintendent – Human Resources and Operations by May 1 of the preceding school year.

No reduction will be made from the teacher's assault leave, sick leave and/or retirement severance paid by the Board for sums awarded the teacher by the Workers Compensation Commission for a permanent disability.

Any member of the bargaining unit who is currently absent due to a catastrophic, long-term, life-threatening illness or accident and has exhausted all of his/her accumulated sick leave, and has applied but has not yet been approved for STRS or SERS disability, is eligible to receive sick leave days donated by other members of the bargaining unit.

In addition, any member of the bargaining unit who is currently absent due to a member of the immediate household's catastrophic, long-term, life-threatening illness or accident and has exhausted all of his/her accumulated sick leave, is eligible to receive up to twenty (20) days of sick leave donated by other members of the bargaining unit, as described herein.

Employees qualifying under this section will continue to receive regular salary/wages and benefits until all donated days are exhausted. No employee will receive more donated sick leave than the workdays remaining in the school year in which they become eligible.

Should the employee be denied eligibility to draw from the sick leave bank, the Union shall have the opportunity to appeal directly to the Superintendent who upon hearing the appeal, shall, within ten days, issue a decision to either allow the employee to draw on the sick leave bank or uphold the denial of the employee's application.

Upon notification that the employee is either denied or approved for STRS or SERS disability retirement, the employee will no longer be eligible to withdraw days from the sick leave bank.

Should the employee return to work after having drawn days from the sick leave bank, the employee shall contribute one sick day for every three days accumulated to the sick leave bank, to a maximum of five days per school year. Such contribution shall be deducted from the employee's final pay of the school year. Such deductions shall continue until such time as the contribution of sick days equals the number of sick days withdrawn from the bank or the employee retires or resigns. At the staff member's retirement from the District, any accumulated sick leave will be used to repay remaining sick leave days borrowed from the Sick Leave Bank before any redemption of unused sick leave is calculated.

5. A copy of the disposition shall be given to the Union representative and to the Assistant Superintendent – Human Resources and Operations.

### **F. Grievance, Step 2**

If the grievance is not settled at Step 1 or if Step 1 has been omitted, the following procedure shall be followed.

1. The teacher may, not later than ten (10) days after receipt of the written disposition of Step 1, submit to the Assistant Superintendent – Human Resources and Operations a written request for a meeting at Step 2 for the purpose of settling the grievance.
2. Not later than five (5) days after receipt of such a request the teacher and the Union representative shall be notified of the time and location of the Step 2 meeting.
3. The date of the Step 2 meeting shall be not later than ten (10) days after the date of notification.
4. The meeting at Step 2 shall be before the Superintendent and/or such member of the Superintendent's staff as he/she shall designate.
5. The grievant shall be present and a Union representative shall be present if the teacher so requests.
6. Not later than five (5) days after the conclusion of the hearing at Step 2 the Superintendent or his/her designee shall submit a disposition in writing to the grievant. A copy shall be sent to the Union representative and to the Human Resources Department.

## **ARTICLE 12 — GRIEVANCE PROCEDURE**

### **G. Grievance, Step 3**

If the grievance is not settled at Step 2, the following procedure shall be followed:

1. The teacher may request that the matter be submitted to grievance mediation through the Federal Mediation and Conciliation Service (FMCS). Such determination must be made within ten (10) days of receipt of the written decision at Step 2. In the event that mediation is not chosen, the Union may request the grievance be moved to Step 4. Such determination must be made within twenty days (20) days of receipt of the written decision at Step 2.
2. If the decision is to proceed to grievance mediation, the teacher and the District will mutually notify FMCS and schedule the mediation promptly.

### **H. Grievance, Step 4**

1. If the mediation at Step 3 is unsuccessful or if mediation is not selected by the teacher, the Union may submit to the Board a notice of arbitration. Such notice must not be later than twenty (20) days after the conclusion of the mediation. The notice shall include the specific provision of the agreement involved/violated and/or the basis of the grievance, and the name of the person who will represent the Union in the arbitration. The Board shall thereupon submit to the Union the name of the person who will represent it in the arbitration, and the two persons so named shall, within ten (10) days thereafter, attempt to agree upon an arbitrator.
2. In the event the said persons are unable to agree upon an arbitrator within the ten-day period, the matter shall be submitted alternatively, unless agreed otherwise, to The American Arbitration Association, and the Arbitrator shall be selected from a list supplied by the AAA pursuant to its rules.
3. The arbitrator shall limit his/her decision strictly to the application and interpretation of the provisions of the Agreement. The hearing shall be pursuant to the rules of the American Arbitration Association, as appropriate.
4. The Supreme Court of Ohio, having held binding arbitration to be legal within the limits on the matters which the Board can legally permit binding arbitration, the decision of the arbitrator, so long as it does not add to or amend the contract shall be binding.

### **I. Time Limitations**

In determining the time limitations, Saturdays, Sundays and Holidays shall be excluded.

With the exception of Step 4, grievances not heard within the prescribed time limitations contained herein automatically proceed to the next level upon written notification from the Union or Administration, provided further that either party may request an extension of time at any step of the grievance procedure.

## **ARTICLE 12 — GRIEVANCE PROCEDURE**

### **J. Grievant Rights**

1. The grievant may be represented at all stages of the grievance procedure by any person of his/her own choosing, except that he/she may not be represented by a representative, member or officer of any teacher organization other than the Union, nor by any employee of the Board not assigned by the Union as an official representative.
2. When a teacher is not represented by the Union, the Union shall have the right on its request to have its representative present to state its view at all stages of the grievance procedure.

The Board shall notify the union of any grievance filed by a member of the bargaining unit and the dates, times and locations of attendant meetings or hearings.

3. Nothing contained herein shall prevent any grievant from presenting a grievance and having it heard without intervention or representation by the Union.
4. The Union agrees to process grievances for members of the unit regardless of whether or not the grievant is a member of the Union.
5. Copies of all grievances and grievance dispositions shall be transmitted to the Principal, the Superintendent, the Teacher, the Union, and the Assistant Superintendent – Human Resources and Operations.

### **K. No Reprisal**

No reprisals of any kind will be taken by either party or by a member of the Administration against any party in interest, Union representative, or any participant in the grievance procedure.

### **L. Administration-Union Concerns**

1. From time to time problems may arise in which the Union or the Administration may feel discussion is needed between the Union and Administration in an effort to satisfactorily resolve such problems.
2. In such event, a meeting will be scheduled upon request by either party.
3. The meeting shall be scheduled no later than five (5) days after the date of such request in order to resolve the problem.
4. If the matter cannot be satisfactorily resolved, both parties will prepare a written position paper explaining the respective views.
5. These position papers shall be submitted to the Summit.

## **ARTICLE 12 — GRIEVANCE PROCEDURE**

6. At the next regularly scheduled Summit meeting the concern will be put on the agenda for discussion and possible resolution. If a consensus opinion is reached the Summit will publish it to the membership via the District and Union websites.
7. The Union does not relinquish its right to keep the Board informed of these matters.

### **M. “Class” Grievances**

A grievance is made and executed by an individual teacher. The basis of a grievance may apply to more than one individual. An individual grievance made and executed may apply to a class of teachers and may result in a change of policy interpretation.

### **N. Amendment to Grievance Procedure**

The Grievance Procedure may be amended through formal negotiations.

**ARTICLE 13 — SUB-CONTRACTING**

**A. Subcontracting of Work Performed by Bargaining Unit Members**

Subcontracting of any work which is performed or could be performed by members of this 795 bargaining unit whether employed, or to be employed, shall be a mandatory subject of bargaining. In an effort to reduce and avoid possible subcontracting issues, the Superintendent/designee will notify the Union President/designee of any anticipated contracted services that may fall within this Article to enable the Union to share concerns prior to the District finalizing the terms of such contract.

1. The following are exceptions to the above:
  - a. Two intern psychologists
  - b. Orientation Mobility Instruction
  - c. Purchased audiological services done outside of the schools.
  - d. Other purchased services, intermittently purchased previous to September 5, 1989.
  - e. Auxiliary Psychologists, Nurses, Health Aides, L.D. Teachers and Gifted and Talented Teachers who are already subcontracted.
  - f. Testing of students for purposes of identifying students for Gifted Education
  - g. Substitute services for SLP, OT, and PT may be utilized at the District's discretion when the related service provider is absent or precluded by other job responsibilities from providing the direct services to students.
2. It is recognized by both the Board of Education and the Union that auxiliary schools may, under certain circumstances, hire their own personnel, or sub-contract to employers other than the CH-UH School District, and effect payment through the Board, and in such a situation, this contract term would not be effective.

It is recognized by both the Board of Education and the Union that work may at times be legislatively mandated and that such legislation may mandate employees from outside of the 795 unit and that in such situations, this contract term would not be effective.
3. It is recognized that in situations in which a new program is legislatively mandated, the school district may choose to send the students to other places rather than educate within our schools, and in such a situation, this contract term would not be effective.
4. It is recognized by both the Board of Education and the Union that changes in law may cause either party to desire to discuss this section on sub-contracting previous

## **ARTICLE 13 — SUB-CONTRACTING**

to the negotiations for a successor contract. In such instances, discussion shall be pursuant to the rules under Administration-Union Concerns.

5. Three (3) positions per school year from funds by a fiscal agent other than the Board of Education for a position that is not named in Article 1, "Recognition" of the Negotiated Agreement; such three (3) FTE positions can continue from year to year without expiration. In addition, two (2) FTE positions per school year from funds by a fiscal agent other than the Board of Education for a position that is not named in Article 1, "Recognition" of the Negotiated Agreement; such two (2) positions shall not continue beyond two school years unless otherwise mutually agreed. (School year 1 for the Linkage Coordinator and College Now Coordinator shall be the 19-20 school year.). Notice shall be given to the Union President in writing in advance of posting, and/or upon agreement with the fiscal agent for staffing.
6. No more than one full time intern or two part-time interns shall be supervised by a District Social Worker during any given school year.

### **B. CHUH Students Not Being Instructed by CHUH Teachers.**

The Board may enter into agreements with educational service providers that will replace the instructional services that are normally provided by bargaining unit members. However, no more than a total of one hundred (100) students per year shall be assigned to these programs. Every five classes that students attending District schools enroll in online by outside providers shall count as one student for purposes of limiting this provision. Students will be allowed to take such classes if the class is not offered by the District or if the student's schedule makes it impractical to take the class when it is offered. By January 15 and June 15 of each year the Board will issue a report to the Union specifying students enrolled with outside educational service providers indicating the student's enrollments from the previous academic year. By way of example, Student A is enrolled in a District sponsored e-school program this year, but last year was enrolled in a charter school. Lastly, the agreement to raise the student maximum to one-hundred shall revert to thirty students if the Options Center or similar program staffed by District teachers is not maintained.

By June 30 each year the Union and Board will have to mutually agree to maintain the one hundred (100) student maximum. If agreement is not reached, then the maximum will be fifty students for the following school year and thereafter.

## **ARTICLE 14 — NON-CERTIFICATED/LICENSED STAFF**

### **ARTICLE 14 — NON-CERTIFICATED/LICENSED STAFF**

#### **A. Lunch Supervision**

#### **C. Elementary School Libraries**

The Board proposes to reduce the number of elementary school librarians from 8.0 positions to 5.1 positions and to further staff elementary libraries with non-certificated/licensed personnel.

1. Classroom teachers shall not be assigned to library instructional duties.
2. All persons working in the school libraries shall be certificated/licensed librarians, non-certificated/licensed librarians, or non-certificated/licensed school ancillaries.
3. The Board shall have the right in future years to further reduce library positions. In such event, tenured certificated/licensed librarians shall have the right to assignment to classrooms in his/her other areas of certification/licensure. Any tenured librarian laid off due to a lack of certification/licensure shall be entitled to become certified in classroom instruction and to be reassigned to continuing service in the order of seniority in the district if and when teaching positions become vacant or are created for which any of such librarians are or become qualified.

#### **D. Non-Certificated Ancillaries**

1. All ancillaries' school year shall consist of 192 days, in accordance with the official school calendar.
2. If administration wishes to shift the start and end times for a particular non-certificated alternative learning center ancillary position, the member holding that position must be notified by July 1 for the change starting during the following school year, or if newly hired, must be informed at the time of hire.
3. Ancillaries shall have a morning break, afternoon break, and lunch that shall be at least 60 minutes combined, where lunch is at least 30 minutes duty free.

## **ARTICLE 14 — NON-CERTIFICATED/LICENSED STAFF**

4. In the event of a reduction in ancillary staff in either classification, ancillary positions shall be reduced by reverse seniority within the classification. Ancillaries shall be recalled in order of seniority within the same classification – non-certificated media ancillaries recalled to media positions, and non-certificated alternative learning center ancillaries recalled to ALC positions. The same timelines for reduction in force of certificated/licensed staff shall be used for ancillaries.
5. Ancillaries shall be evaluated once per year using a form and timeline developed by the Appraisal Review Committee. The Appraisal Review Committee will also develop the process for addressing performance concerns. This plan will be published in the Evaluation Handbook.
6. **Elementary Media Ancillaries**
  - a. Media Ancillaries shall not perform professional instructional duties such as teaching a library class or a class on research methods. Activities, such as reading to a group of students or helping students find resources, are not considered professional instructional duties.
  - b. Media Ancillaries may serve in a support role in maintaining library collections in consultation with a certificated school librarian,
7. **Alternative Learning Center Ancillaries**
  - a. Alternative Learning Centers (ALCs) shall be staffed by non-certificated alternative learning center ancillaries for the purpose of providing an in-school suspension setting. Additionally, at the elementary level, the ALC Ancillary will be trained to assist with student de-escalation for non-disciplinary situations to facilitate the student's return to the classroom. A log documenting the visit, including the name of student, date, time, duration, and reason, will be maintained by the ALC Ancillary and regularly reviewed by the SAT and TAP.
    - i. The number of students in an alternative learning center at the high school shall not exceed 16 students at any one time during the day. The number of students in an alternative learning center at middle school and elementary school shall not exceed 12 students at any one time during the day.
    - ii. High school and middle school teachers shall be notified no later than the morning of the day prior if their student is referred to day-long Alternative Learning Center placement so that arrangements can be made for students to get work to complete in ALC for the day missed from class.
  - b. District classroom teachers shall not be reassigned to the position of non-certificated alternative learning center ancillaries.

## **ARTICLE 14 — NON-CERTIFICATED/LICENSED STAFF**

- c. In the event that a District classroom teacher is required to provide supervision for an ALC room during his/her planning/conference time, that teacher shall be paid pursuant to the applicable coverage rate (i.e., not pursuant to the ancillary salary schedule). Elementary teachers shall not have their planning time reduced below 205 minutes per week during the student day (*See* Article 6 Section B.2.b), unless they volunteer to provide such supervision; if their planning time would not be reduced below 205 minutes, then the District can require them to provide supervision for an ALC room.
- d. Although it is understood that Alternative Learning Center Ancillaries do not provide initial instruction in a subject, they should assist students with the work they need to complete for class.
- e. Alternative Learning Center Ancillaries shall be trained so that they can work with students to provide social emotional support and to help students understand why they were removed from their classes and work toward gaining coping skills that will help avoid similar issues going forward.

### **E. Nurses' Aides**

- 1. The Union accepts the assignment of nurses' aides to the district's schools and acknowledges that those nurses' aides will be placed in a bargaining unit other than one of the Cleveland Heights Teachers Union bargaining units.
- 2. The Board agrees that the number of full time school nurses employed effective April, 2002 by the Board will not be reduced nor will the work hours of any part-time nurse be reduced due to the hiring of nurses' aides. In the event of a reduction in force, no school nurses shall be subject to layoff while any nurses' aides are working. Any nurse's aide that is assigned to serve a specific student under IEPs or 504 plans will not be considered in applying this provision.

## **ARTICLE 15 — STUDENT DISCIPLINE COMMITTEE**

### **ARTICLE 15 — STUDENT DISCIPLINE COMMITTEE**

#### **A. Purpose**

Effective discipline and respect of the rights of others are necessary so that all pupils may attain the highest degree of quality education. To that end, the Student Discipline Committee shall be convened for the purpose of developing recommendations to the Board for revisions to and amendments to Board policies, guidelines and handbooks relating to the regulation of student conduct. The composition of the Committee shall be decided by Summit.

#### **B. Topics to be Considered**

Topics for Committee consideration include, without limitation, the following:

1. The reporting of suspensions and expulsions;
2. The make-up of suspensions and expulsions;
3. The loss of credit due to suspensions and expulsions;
4. Changes in the absence rule;
5. The development of appropriate referral forms;
6. The limits of suspensions and expulsions.
7. Review of proposed changes to Board policies, guidelines, and/or handbooks prior to adoption.

#### **C. Review of and/or Changes to Disciplinary Forms**

If there are needed changes to the universal referral forms used by all grades (K-5, 6-8, and K-12) such changes must be reviewed by the Student Discipline Committee for input prior to implementation. Any such form should be easy to use, capture the important elements of events, have the ability to create a record of what occurred, and provide for notification to the teacher when the disposition of the referral has taken place.

Likewise, any changes to the electronic version of the referral form should also have the consensus recommendation of the Student Discipline Committee and should meet the same criteria set forth above.

The parties agree that teachers should be notified, either electronically or on paper, at least weekly, of suspensions and expulsions in their buildings.

The referral forms appear as part of the appendix.

### **CONSENSUS STATEMENTS**

A. During the collaborative and interest-based negotiations in 2013 for a successor to the negotiated agreement between the Cleveland Heights-University Heights City School District Board of Education and the Cleveland Heights Teachers Union, the parties reached consensus on the following non-contractual items:

1. The parties agreed that best practices require that the District provide meaningful feedback to those individuals employed as long-term substitutes during the course of the year. In addition to following any required evaluation process as set forth in law, the Board agreed to use its best effort to assure that long-term substitutes are provided with instructional performance feedback on a periodic basis.
2. Consensus emerged relative to the replacement of District ID badges, such that the Board will replace an employee's damaged or otherwise unusable badge after two years of its issuance without cost to the employee. For all other circumstances, the Board will charge employees for the cost of a replacement badge.
3. The parties agreed that after reaching tentative agreement, consideration would be given prior to printing/finalization to reordering the contract to provide a more user-friendly and structured document with logical groupings and readily identifiable headings, etc.
4. The parties find value in the effective capture of useful data/information relative to the educational process, the technological advances that have significantly enhanced that process, and the need to utilize such information to inform parents of progress, to guide and design interventions, and to address academic and behavioral expectations and outcomes. Moreover, there is a mutual desire to survey, review, and access appropriate professional development opportunities, product reviews, and support mechanisms for the ongoing integration of technology into the educational process. Consensus was further found around the mutual expectation that classroom educators update their electronic grade books on a regular basis.
5. Social capital exists in work places that exhibit high levels of trust, collaboration, collective responsibility, mutual assistance, professional networks and an identity that is tied to the bigger picture and vision for the work being done. In addition to utilizing the Interest Based criteria for analysis of possible solutions to issues of "feasible, beneficial and acceptable," the parties agreed to a fourth criteria "social capital," to be applied to these options during these negotiations. The relevant

inquiry relative to this criteria relate to whether the option contributes to the enhancement of the trust, respect and value of the individual and the high functioning teams that support them in our system.

6. In collaborative discussions regarding the issuance of continuing contracts in the District, the parties reaffirmed the value of the practice of the Human Resources Department in advising bargaining unit members about their eligibility for tenure at the outset of the academic year, i.e., that all necessary documents are on file and years of service met. Similarly, the parties agreed that for those teachers who expect to meet eligibility criteria (licensure/credentials) after the beginning of the year should nevertheless be encouraged to provide that information to his/her supervisor and to Human Resources at the outset of the year that tenure eligibility is expected. The leadership of the CHTU committed to including this encouragement in written communications to all bargaining unit members at the outset of each school year.
7. We agree that online learning provides a benefit for students to enroll in individual courses and as an extension of existing coursework. This allows students to both maximize and customize their education to meet their particular needs and interests. However, online learning must also incorporate the same best instructional practices as face-to face learning by providing students engaging, relevant learning experiences. We believe that the “teacher of record” for individual students must be a properly licensed teacher who regularly interacts with the student online, in person or both. The “teacher of record” must be a teacher who is familiar with the work the student is doing and has an ongoing relationship in directing the learning of the student.
8. Distance Learning — we agree that groups of students taking a class in a distance learning setting should have a staff member assigned to monitor their behavior, attention, and performance. This adult should also serve as a link with the remote teacher for purposes of clerical assistance and organization to maximize learning.
9. When student behavior requires a referral by a teacher, we agree that the referral should be submitted as soon as possible after the infraction. It is also understood that taking the time to write a referral properly may not occur immediately after the incident if the teacher is instructing students, although a phone call or other form of communication to allow for appropriate processing of the student is important at that time. Therefore, it is understood that when a student is removed from a classroom and sent to the school office for an infraction that will eventuate in a referral, that the referral will be submitted by the end of the school day, if at all possible.
10. When a teacher removes a student to the school office under an emergency removal it is understood that the student should return to the classroom no sooner than the next change in class, or when the child has adequately deescalated. At the elementary level this means a natural break between specials, general classroom, or lunch.

11. The parties reaffirmed the concept that non-administrative instructional personnel, licensed by the Ohio Department of Education and employed to teach in the District, should be members of this bargaining unit and therefore represented by the Cleveland Heights Teachers Union.
- B. During the collaborative critical issues-based negotiations conducted in 2016 for a successor to the 2013-2016 negotiated Agreement, the parties reached consensus on the following non-contractual items:
1. The Board and the Union share the belief that parents' attendance at school events provides a vital link to student success. Events hosted through the school should make an effort to highlight programs, community partners, and students so that parents are aware of opportunities. Orientation, when new to a school, should inform parents of the resources the school utilizes. A variety of programs showcasing student success should be planned throughout the school year to encourage parent attendance. Staff should be made available for training interested parents in electronic tools used to monitor student progress.
  2. Communication with parents should encompass a spectrum of approaches. Information shared should not only inform parents of school/community events, but also of student progress, standardized test results, and concerns over mastery of material taught. Substantive individual communications should be documented, where possible, in the student information system.
  3. The Board and the Union commit to working together with community partners, students, and parents to create a committee that will study and formulate an organized and coordinated approach for the further implementation of wrap-around services for our students and families.
  4. There is a shared recognition that mandatory testing is usurping instructional time, especially in primary grades where testing is completed one on one with students. The District commits to finding solutions that will alleviate lost instructional time by exploring the use of District coordinated testing teams, testing students prior to the start of the school year, when feasible, and/or other possible means to complete testing tasks.
  5. The purpose and use of any assessment not mandated by the State of Ohio should be made clear to teachers and parents. The results should be used for the purpose of informing instruction. Such assessments should be kept to an absolute minimum. Teachers should be solicited for their feedback concerning the use of these assessments as to whether the results are; useful for informing instruction, timely, and if the tool should be used in the future.
  6. Since we value professionals and desire to maximize a culture of excellence, as a general courtesy it is recognized that when a meeting conflicts with a teacher's individual planning time, that the teacher should be officially notified as far in advance as possible using an electronic calendar or email. It is understood that

planning time is valuable and that teachers rely on this time to prepare for their classes.

7. Stability in assignment must be balanced with the District's need to be nimble when ensuring positions are filled with people who possess the proper licensure. When a teacher has more than two changes in assignment and/or building that are outside of their preferences within a five year period, the teacher has a right to request a meeting to discuss the effects of these changes with their immediate supervisor and/or the Assistant Superintendent – Human Resources and Operations. At the meeting the teacher has the right to Union representation.
8. The assignment of before and after school duties in the elementary school shall be a topic for the TAP committee to discuss and bring proposals to the staff balancing the needs of the building as well as the schedules and workloads of the 795 members in the building. It is in everyone's best interest to determine a solution that is equitable to staff and safe for students.
9. The District and Union both value a collaborative process and model good practice in many ways throughout our work. We agree that when there is a need for members of the bargaining unit to be included for District level committees where a selection process is not delineated in the contract, that there will be advance notice at a Summit meeting or through conversations between the Superintendent and the Union President. The Union shall recommend candidates to serve on such committees as decided by Summit. If the District has concerns about an appointment, the Union shall recommend a replacement candidate until agreement is reached.
10. We believe that professional development can and should make a difference for employees of the District which will positively impact student learning. We agree that the goal of waiver day professional development is to provide useful, meaningful, and well-presented training geared to helping staff members improve their performance. Such offerings should be planned well ahead of time, promoted through timely notifications to staff of the plan, purpose, and value of the training based on needs determined at the District, building and individual levels. Wherever possible, there should be a menu of available options from which to choose when individuals are planning for the training day. The Summit agrees to discuss waiver day options for professional development as another way to ensure that such training is relevant, necessary, and helpful to bargaining unit members. When buildings are given the option to use a day for professional development, the same discussion should occur in TAP or BLT, depending on the goal of the training.
11. The Board and the Union find value in providing professional development for Alternative Learning Classroom Ancillaries with professional development focusing on tutoring techniques and for improving student behavior.

12. Both parties prefer that District professional development days will be used for targeted training for Media Ancillaries and Alternative Learning Classroom Ancillaries.
13. The District and Union share a concern about the frequency in which students may be assigned to Alternative Learning Centers (ALCs). In order to monitor and timely remedy situations in which a student may be repeatedly assigned to the ALC, the parties agree to implement the following protocol:
  - a. Data from each building reflecting the dates, duration, and reason for referral to ALC as well as students identified in the SAT process from the counselor will be shared with TAP on a monthly basis.
  - b. TAP will review data to ensure students with multiple placements in ALC have begun the SAT process for a possible plan.
  - c. Staff working with students who have behavior management plans will receive notification of the implementation of plans to ensure consistency and fidelity in implementation.
14. The District and Union agree that it is in the best interest of students to have a course assignment process that considers a teacher's strengths, interests, experience, training/qualifications, and student progress/outcomes. In order to meet this interest, the parties agree to the following:
  - a. The parties will collaboratively review the job description for Department Liaison and make changes as needed to ensure it aligns with the OIP. This review/revision will be completed by [date].
  - b. Department Liaisons will be provided training and support to carry out their responsibilities as set forth in the revised job description. This will include training and support in how to utilize multiple, relevant data points to determine if courses are appropriately staffed. Examples of data points may include:
    - i. Student outcomes on assessments such as formative, summative, end of course exams, district assessments, and grades;
    - ii. For AP courses, the number of students taking the AP exam, the AP exam scores, and how the AP exam scores align with the students' grade in the course;
    - iii. Student attendance;
    - iv. Student disciplinary referrals;
    - v. The teacher's experience with the particular course, including number of years teaching the course, additional relevant

training/professional development, and use of interventions/strategies to respond to student outcomes;

vi. Other information consistent with the OIP.

c. If multiple points of data indicate a concern with a particular course, then the Department Liaison and Principal will make recommendations to support the teacher through professional development, use of intervention strategies, and/or other methods. After supports have been exhausted, the Principal and Department Liaison will work collaboratively to recommend changes in staffing for the next school year.

C. Because the above Consensus Statements reflect non-contractual items, these Consensus Statements are for the record and cannot be grieved under the grievance procedure.

### **GENERAL REGULATION OF THE BOARD OF EDUCATION**

1.0 Each employee must comply with all Board policies and administrative regulations. Individual performance will be consistent with board-approved educational philosophy, policies, and programs.

ADMINISTRATION

## **EMPLOYEES ASSISTANCE PROGRAM**

### **1. Purpose**

The Cleveland Heights—University Heights Board of Education and the Cleveland Heights Teachers Union bargaining unit have established an Employees Assistance Program to provide constructive ways to help bargaining unit members when chemical use problems or personal/life problems interfere with job performance.

The Employees Assistance Program is designed to identify the bargaining unit member's problems as early as possible, to motivate the member to seek help and to refer the member to the most appropriate community resource available.

### **2. Job Jeopardy**

The Employees Assistance Program is a means to provide confidential assistance to members of the bargaining unit who are experiencing problems with alcohol, drugs or other personal/life problems. The program also provides supervisors and union representatives with a constructive way to help when these problems interfere with job performance.

The objective of the program is to retain and help valued members who are alcoholic or drug dependent, restoring them to better health and improved work performance. No member of the bargaining unit with an alcohol or drug problem will have either job security or promotional opportunities jeopardized because of a request for diagnosis, counseling or treatment through this program. However, the parties understand that participation in this program will not insulate bargaining unit members from appropriate disciplinary action or evaluation.

Neither shall participation remove from members their right to union representation in all instances including grievances, hearings and litigation.

### **3. Privacy and Confidentiality**

When the bargaining members use the Employees Assistance Program for an alcohol or drug related problem, only the member, the Union and/or Management contact (if the member is referred by them) and the service provider's employee assistance coordinator should know that the member has sought help or has been referred for assistance.

The service provider's employees assistance program coordinator will maintain a record of the member's progress on a strictly confidential basis. Nothing pertaining to the Employees Assistance Program will be placed into a member's personnel file before, during, or after the member seeks assistance. The confidential nature of records of individuals who utilize the service will be strictly preserved.

### **4. Contract Service**

The specified services will be supplied by a provider agreed upon by the Board and the Union. The provision of service by a non-aligned third party will help insure confidentiality and privacy while maintaining expert diagnostic assistance. The primary focus of the program is to provide diagnostic and referral services to members of the Cleveland Heights Teachers Union in need. The contracted agency or individual may provide direct service or will refer to appropriate community agencies.

The following list describes the kind of personal and life problems identified as appropriate for assistance from the program:

1. Chemical Dependency
  - a. Alcoholism
  - b. Other drug dependencies
2. Emotional Problems
3. Family Problems
4. Marital Problems
5. Financial Problems
6. Legal Problems

**5. Referral**

The provision of service can be activated by any one of three ways:

1. Self-Referral - The member may recognize the need for assistance and seek assistance through the program.
2. Family Referral - The spouse or immediate dependents may initiate service for the member by contacting the agency and encouraging participation.
3. Supervisory and/or Union Referral - Cleveland Heights Teachers Union or supervisors may refer members to the Employees Assistance Program.

**6. Literature**

Initial literature announcing and describing the Employees Assistance Program shall be published and distributed by the Union on Cleveland Heights Teachers Union letterhead. This initial literature shall be approved by both the Superintendent of Schools and the President of the Union and shall be signed by both.

## **CRIMINAL HISTORIES POLICY**

### **POLICY**

The Board of Education is committed to selecting and hiring the highest quality candidates for certificated/licensed and classified positions and complying with Ohio Revised Code Sections 3301.541, 3319.39 the implementing regulations contained in the Ohio Administrative Code, Rule 3301-20-01, and any other pertinent regulations. It is the policy of the Board to require criminal history checks of all employees who come under final consideration for employment. Because this policy speaks to the dismissal and/or termination of employees, it may involve the rights of employees to fair representation and all other rights afforded by labor law. Accordingly, this policy and its procedure have been negotiated with the Cleveland Heights Teachers Union, OAPSE Locals 102 and 617, SAEU District 1199, and EAC, and may not be amended without further negotiation.

### **PROCEDURE**

1. All candidates for employment will be requested to sign the following statement on the application form: *I also agree to participate in an Ohio Bureau of Criminal Identification and Investigation (BCI) fingerprint criminal history check and in a Federal Bureau of Investigation (FBI) fingerprint criminal history check and understand that my employment may be terminated based on revealed criminal history.*
2. Candidates for all positions will be fingerprinted for an Ohio Bureau of Criminal Identification and Investigation (BCI) Criminal History Check and a Federal Bureau of Investigation (FBI) Criminal History Check. The cost of the BCI Criminal History Check will be borne by the School District. The cost of the FBI Criminal History Check will be borne by the candidate and will be automatically deducted from the first paycheck(s). If the candidate is unable to bear this cost, other arrangements may be made.
3. The conviction of a crime is not always an automatic bar to employment. Convictions revealed by the Criminal History Check, however, may result in the School District immediately releasing the employee from employment and the School District rescinding the conditional offer of employment. The School District complies fully with guidelines set forth in Ohio Revised Code, Sections 3301.541, 3319.39 the implementing regulations contained in the Ohio Administrative Code 3301-20-01, and any other pertinent regulations as defining those crimes that bar employment. If a Criminal History Check reveals a record of a conviction which is not listed in the Ohio Revised Code, Section 3319.39 as barring employment the district will consider the nature of the offense, the date of the offense, and the relationship between the offense and the position for which the applicant is applying and may, in its discretion rescind a conditional offer of employment or, if employment has begun, may require that it cease. Arrest records will not be considered a bar to employment, a cause of termination, or used in any other way.
4. The initiation of proceedings to terminate, based on criminal convictions disclosed by the BCI or FBI check, will be made within twenty-one working days after receiving the BCI or FBI report. Except to prove that this investigation has been completed, the BCI and FBI

reports will never again be used in any circumstance, for any purpose, after the twenty-one working day period that follows receipt of the reports.

5. BCI and FBI reports will not be included in employee personnel files, but will instead be stored under lock and key, in the status of “for the Assistant Superintendent – Human Resources and Operations’ eyes only.”
